

Senior PHP Engineer (f/m)

Vienna - Full time/asap

Thrive our sports-widgets using modern backend- & web-technologies!

E2 is a privately-owned, international agency focused on sports and sports betting offering an international marketing portfolio, a strong technological stack and innovative social gaming products that enable a focused approach of sports-loving target groups.

Our business areas also include media management, marketing consulting and the technical realization of data-driven products that integrate into our state-of-the-art tech ecosystem enabling user-centered and context-sensitive advertising.

Our mission is to be a one-stop shop for the sports betting industry.

Your role in our team

- Develop, enhance and maintain our in-house applications
- Provide technical insight and support during the concept phase & technical documentation
- Integrate projects into our CI pipeline
- Work mostly on backend related services including a REST API and an ETL application
- Develop Wordpress plugins and integrate our sports-data
- Generate dynamic widgets using EcmaScript 6 based on a WebPack based pipeline
- Write clean code and care about PHP Notices & Warnings

Your skills & experience

- A minimum of 5 years experience in developing PHP applications
- Strong knowledge in PHP 7 and object-oriented programming
- Commitment to test-driven development, high-quality code and continuous learning
- Profound MySQL skills are expected, DevOps experience is advantageous
- Solid knowledge of the English language (English is our main communication language)
- Experience with the following tools used in our technical environment is of advantage: Docker, Selenium, Varnish, Jenkins, Node, you can choose the OS & IDE that suits you best

You'll like this

We offer a young and dynamic work-environment with an international team consisting of more than 15 nationalities, dealing with clients and partners from the four corners of the world.

You will develop your individual value as part of a team, which welcomes the integration of new ideas and approaches. You'll receive an adequate salary depending on your skills and experience.

In addition we offer an attractive yearly bonus depending on the accomplishment of pre-defined goals. We are happy to offer you several tailor-made trainings to push your career. We foster an open-minded, diverse and tolerant work culture. We provide several benefits such as flexible working hours and a laptop – not to mention: our legendary team-events!

For this position, we offer a minimum yearly gross salary of € 45.000, which is negotiable depending on experience and qualifications. Please send your application with CV & cover letter.
